Things To Do

Mine for Christmas Spirit

Christmas Spirit is generated randomly in the world as a natural resource. You can mine it to use as a fuel source or to use in a crafting recipe to make a sentient Christmas present.

Christmas Present Spawn Egg Recipe

These creatures don't like to be bothered, unless you have candy!

Grow candy crops to sustain yourself

Satisfy your sweet tooth with this plant, it grows candy to eat or for candy armor and tools (scroll down to view all of the crafting recipes).

Explore the Candy Land biome

Feast your eyes on a brand new biome, Candy Land! Giant candy trees are scattered across the landscape as well as licorice trees. Use these trees to create new wood blocks. Watch out for bees drinking the sugar water and also zombies wearing Santa suits at night.

Build cool stuff

With the added Christmas themed blocks in the mix, you're bound to create something amazing, like a Christmas bungalow for example. Decorate your world with lots of unique shaped blocks like a Christmas tree or a Santa hat!

Gorge out on Christmas Food

Everyone knows some of the best food is served around Christmas, so how could this not make it on the mod? Also, there's hot chocolate in this mod.

Use special blocks to help you out

The **coal extractor** helps you mine for natural resources. Place down the block and stand on top of it and watch as it mines a 3x3 hole down to bedrock. As it spews out what's below back up to the surface, try to collect the blocks it mined.

Opening **presents** by destroying the block can sometimes reveal diamonds inside!

Explore your creativity!

With all of the stuff included in this Christmas mod the possibilities of what you can do and create is endless!

Christmas Tree Block

Lollipop Block

Candy Cane Block

Dirty Snow (Shapeless Recipe)

This is a naturally occurring block in the Candy Land biome. Once destroyed, you cannot build with it unless you are in creative mode.

Crucifixion Cross Block

Santa Hat (Shapeless Recipe)

Coal Extractor

Place this jackhammer down for it to automatically dig a hole down to bedrock. Then collect the coal it mined for the naughty children, or collect whatever resources you desire.

Present (Shapeless Recipe)

This block has a surprise inside, there's a chance you can discover diamonds when you break it.

Krampus Dimension (Experimental)

I created a dimension that is supposed to be the evil version of the Candy Land biome, and is haunted by none other than Krampus!

Type in these commands in Creative Mode to enter and leave this dimension.
